Conclusions & next steps

Jan De Winter
14 October 2009

14 oktober 2009 / 3

Awareness is the first step

- **Change management = continuous patterns of learning & influencing**
- **This seminar = about 'awareness'**
is a crucial step in this change
- **Now comes the influencing part**

Do something with this ...

Possible next steps - DEMO

- **workshop Taste DEMO & get addicted**
 - Theoretical setting of DEMO
 - Experiences in a Belgian Case (Provant)
 - Experience DEMO yourself
 - 2 day training + 1/2 day homework
- 09/11 + 20/11
- Zone21 – Pellenberg (Leuven)
- Maximum of 20 participants
- Teachers : Hans Mulder & Jan De Winter
- Case : Michel Van Den Bossche – Provincie Antwerpen

Possible next step – Normalized Systems

- **Workshop (In-company or open)**
 - Theoretical setting of Normalized Systems
 - Possible actions in your organization
 - 1 day training/workshop
 - Possible dates: 20/11
 - Zone21 – Pellenberg (Leuven)
 - Maximum of 20 participants
 - Teachers : Jan Verelst & Herwig Mannaert
- **Code-review**
 - Check your best software code on normalization
 - by Jan Verelst & Herwig Mannaert

Possible next step – Training/Consulting

- **Expert Class Enterprise IT-Architect (UAMS)**
- **Master in Beleidsinformatica (UA)**
- **DEMO – training in preparation of certification**
 - If enough people interested
 - By DWT Consulting in collaboration with UAMS
- **Consulting services on DEMO in Belgium**
 - Jan De Winter / Wim Ploegaerts / Hans Mulder
- **Other** dwtconsulting@skynet.be
